

# Front Row

STYLE GUIDE

Since 2003 we've been helping people make the most of their in-home viewing experience. We still build everything by hand in our Canadian factories utilizing premium materials and old-world construction techniques honed over more than 60 years. For upholstered seating we start with only the finest dried hardwoods and hardwood plywood. State-of-the-art, computer-aided machines cut the wood for tongue-and-groove assembly. Then frames are glued, dowelled, screwed, stapled, and corner-blocked for a lifetime of use. Hardwood is used exclusively at all stress points for superior wear.

We incorporate squeak-free, Teflon-coated spring clips and tempered steel no-sag coils or luxurious pocket coils for all seats. Shaped memory and 2 lb. high-density core foams outlast all others. Finish your personalized masterpiece with 100% top-grain leather from some of the world's finest tanneries or choose from a wide selection of fashion fabrics. We can also work with your own material. We stitch exclusively with 100% nylon thread (on leather) and tape-reinforce seams so you can enjoy your seating for many years to come. In other words, we don't cut corners.

Each Front Row order is custom built to meet your exacting specifications and we wouldn't have it any other way. Incorporating your choice of style, cover, and options, your personalized seating is delivered in eight to ten weeks (four weeks for stools and tables).

## MOTION SECTIONALS

How and where you consume entertainment constantly evolves. So does our furniture.

To meet the demands of the new media room we've created a new category: motion sectionals. Part sectional, part theater seat, all style and functionality. They feature a low-back design (like traditional sofas) with hidden headrests for full recline support. The result? All comfort, no compromise.

We're launching with 25 unique styles across three collections. Turn the page to meet the future of AV seating.

NEW!

## GLOBAL COLLECTION

The Global Collection represents the pinnacle of our experience. We offer a baker's dozen of remarkable styles, all featuring folding headrests (with optional motorization) to minimize the aesthetic impact on your decor when not in use. We use shaped memory foam for ultimate comfort and flat stitching for an incredible finished look.

All styles are available in 23" or 30" seat widths, 20" or 22" seat depths, and stationary or motorized recline. With a nearly infinite number of possibilities please contact us to design your dream configuration.

## HOME THEATER

### BARCELONA

The original! Available in three distinct styles this popular model features a fixed headrest and separate leg/knee rests.

BARCELONA 1

BARCELONA 2

BARCELONA 3

### HOLLYWOOD

A modern take on classic matinee chairs with real-wood pop-out cup holders and a chaise leg.

HOLLYWOOD

## MALIBU

---

Our newest addition features modern styling (sloping arms, a chaise leg) while offering a 2" deeper seat.

MALIBU

## MILANO

---

Our best-seller! Clean lines with an adjustable head rest and chaise leg rest made this an instant classic.

MILANO 1

MILANO 2

## MONTREAL

---

Bold stitching, sleek lines, and an adjustable headrest = our most modern style.

MONTREAL

## WINDSOR

---

A more traditional look with gently rounded corners, an adjustable head rest, and separate leg/knee rests.

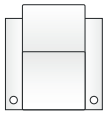

WINDSOR 1

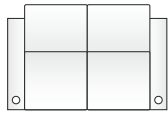

WINDSOR 2
